THIS IS UNEVALUATED INFORMATION

- 25X1 1. In 1950 the USSR ordered from Kablo National Enterprise in Bratislava and from the branch factory at Kladno (N51/L59) 50,000 m of undersea insulated cable at a total price of 80,000,000 kcs. The cable was delivered during the first half of 1950, but in June the USSR returned 25,000 m of the cable as unusable because of faulty winding and poor insulation. Several Kablo engineers have been arrested as a result of this.
2. Bellkor National Corporation in Prague was converted in February 1950 from the production of automatic balances to that of measuring instruments for guns.
